May I register and vote where I attend school?

Yes!

- 1) If you have never registered to vote before and attending a university in Texas, you may register using the address where you live at school and vote there.
- 2) If you are already registered to vote in Harris County, you will have to register again in your new county, using the address where you are living at school, and vote there.

Helpful hint: If you use this option, you will have to file a change of address with the local voter registrar whenever you move or change your address.
